Driven by Efficiency

Ranger was started in a garage in 1988 by two brothers who had a passion for quality, organization, and efficiency. These same values still bind Ranger people together, bringing a new level of product innovation to fleets around the world.

The demands on today's fleets are intense: reduce your carbon footprint; find ways to work smarter; maintain your profitability; overcome the inefficiencies of a mobile service industry; the list continues...

Ranger has the answers to these industry challenges....Lightweight, aircraft grade aluminum units that weigh in at half the weight of steel equivalents; extruded shelving sections with unsurpassed rigidity and silence; innovative drawer units that eliminate the need to climb into the vehicle; and a world class guarantee, these add up to winning solutions for your fleet.

We are looking forward to helping guide you through the steps of outfitting your fleet!

Randal & Derek Cowie
